TorqueMaster Plus springs we recommend you first view our four minute video. Without using the proper tools replacing the springs can be dangerous.

Wayne Dalton TorqueMaster Torsion Spring Replacement

Wayne Dalton TorqueMaster Plus is a spring system used on garage doors. Torsion springs fit inside the shaft instead of sliding over the shaft lifting the door. One popular option the TorqueMaster Plus system provides is the ability to replace just the springs in the system when maintenance is needed, instead of having to replace the whole system.
