In dealing with dangerous hegemonic masculinities, there is need to rethink the position of Christianity since the religion itself is sometimes used in the construction of such dangerous masculinities. This is true of the case discussed in this article. The article shows how culture, traditional religion, colonial attitudes and Christianity help in the construction of dangerous masculinities ...

hegemonic masculinities in South Africa. Given that Christianity in South Africa was central in the creation of hegemonic masculinities, it follows that the church space can be used a space wherein which masculinities are transformed. With this being clearly argued for, the main question that is sought to be answered is how best
