Vz Commodore V6 Alloytec Engine

VZ Calais 3.6, 1980 WB Tonner As some of you may be aware the Alloytec 3.6 either the 175 or 190 version have their fair share of problems once you've put a few k's on it. Here are some well know faults that could save you money in the long run and a few handy hints.

VZ Alloytec manufacturer faults handy hints | Just Commodores

Released in August 2004, the VZ series was a minor facelift of the previous VY series that featured a new V6 engine in different tune guises. The powerplants included 175 and 190 kW (235 and 255 hp), 3.6-litre Alloytec V6 engines in place of the older 3.8-litre Ecotec V6. Other changes to the V6 was the loss of the supercharger that was included in the S models from the VT to VY, this was also ...

Holden Commodore (VZ) - Wikipedia

One of All Head Services customers has pasted on this story of a VZ Commodore Crewman with an Alloytec V6 engine that failed to start one morning due to an oil pickup blockage. After checking the basics such as fault codes (there were none), ignition and fuel (both OK). A compression test showed that it had no compression.

Holden Alloytec V6: Oil Pickup Blockage | All Head Services

Initially marketed as the 'Alloytec 175' for the Holden VZ range, the LE0 engine produced 175kW at 6000rpm and 320Nm at 2800rpm. Significantly, however, 90 per cent of peak torque available from 1630 rpm to 5460 rpm. Maximum engine speed for the LE0 was 6100rpm. Power and torque outputs for the LE0 engine are given in the table below.

HOLDEN COMMODORE VZ VE V6 Alloytec Motor Engine AC1 engine ...

The main differences between these engines were that the LE0 engine did not have variable exhaust camshaft phasing and, for the VZ/WL models, a variable intake manifold. Whereas the LE0 engine was used in the entry-level VZ and VE Commodore -based models, the LY7 was reserved for the sports or premium models such as the Commodore SV6, Calais, Statesman and Caprice.

Rattle VZ alloytec v6 - rattle in front of engine, sounds like a diesel. Please help. I have a 2004 WL Caprice V6 alloytec with 140,000 on the clock, which has been fully maintained using only the best. Sadly There is a 'rattle' in the front of the engine. It sounds similar to a diesel engine sound. If i rev the car, you can not hear it.
