A warlord is a leader able to exercise military, economic, and political control over a subnational territory within a sovereign state because of their ability to mobilize loyal armed forces. These armed forces, usually considered militias, are loyal to the warlord rather than to the general government. Warlords have existed

Warlord. Warlords are not born into leadership. They've had to earn it through blood, sweat and steel. To be a Warlord means a life of service to their people. Their shield protects those who cannot fight -- their sword will cut down those who would attempt to cause their people harm. Their fighting style is simple yet brutal.
