What I Thought I Knew Upon signing up for this English class, the first and only thing I thought was, "Oh no, do I really have to do this?" When I was a student in high school and even now in college, the slightest thought of writing a paper would make me die a little on the inside.

What I Thought I Knew - Essay - Reannwill012

What I Thought I Knew About Allergies. At the 6-month mark the plan changed. Reaching this milestone means you can test (more like torture) for possible allergens. An allergist gives patients something called a "prick test". The doctor or nurse takes a little needle and pokes you with the allergen to see if your skin reacts.
